## 40th Street Rowhomes

Together we will be working on our 40th Street Rowhomes, four (4) newly constructed, green homes in West Philadelphia, in support of the revitalization of the 40th Street Corridor.

Originally developed to align with the Promise Zone Comprehensive Housing Strategy adopted by the City in 2018, the 40th Street Rowhomes are located in the Belmont neighborhood, with close proximity to Fairmount Park, academic institutions, and cultural landmarks.
