

# Residential & Commercial Equipment Rebates

energysense

pgwenergysense.com 855-PGW-SOLVES

PGW EnergySense rebates on high-efficiency, natural gas equipment can help your residential, commercial and multifamily customers save energy and money.

Incentives are capped at \$25,000 per project. Higher incentive caps apply to projects that incorporate multiple measure categories, up to \$50,000. Visit

[pgwenergysense.com/comprehensive](http://pgwenergysense.com/comprehensive) for more information.

Incentives across all projects are capped at \$150,000 per customer per year.

Rebates are awarded on a first-come, first-served basis and are subject to available funds. Please visit program website for information about application deadlines.
